

South African Large Scale Model Railway Group,
in conjunction with
Eden Lion Club, and the Outeniqua Railway Society
presents:

OUTENIQUA TRANSPORT
Museum
Garden Railway Exhibition

Friday, 14th December to Tuesday 18 December 2018

George, Western Cape

Two layouts will be available enabling Gauge 1/G scale and 16mm scale live steam but also electrically powered (DC, DCC and battery) locos to be run on 45mm and 32mm track.

The Outeniqua Railway Society's HO SAR layout will be open for viewing. While the accent will be on showing off trains running, it is hoped suppliers of model railway equipment will use the opportunity to market their wares and participants to dispose of their surplus items.
